Mina Sunrise is a 3-in-1 lamp that embarks the following features to act as the perfect bedside companion:

- A sunrise simulator to wake up gently with gradual increase of brightness
- An alarm clock with 5 preset melodies, including natural sounds
- A sunset simulation function to fall asleep peacefully
- An elegant light offering a selection of 9 LED colors to match the atmosphere of your room

With its compact shape, sleek aluminum base and high-quality display, Mina Sunrise has been designed to complement your nightstand and to be easy to interact with. Pressing the top of the lamp will turn the light on/off, change the LED color, adjust brightness, or stop the ongoing alarm.

Whether it is for reading in bed, creating a calming lighting ambiance before going to sleep or waking up refreshed in the morning, Mina Sunrise the right device to do it all in style.
